

ZB 8126 SEVO core thermometer

- Fast and accurate: the core thermometer has a freely adjustable temperature range from 10°C to a maximum of 300°C. The SEVO features a digital screen for displaying current readings.
- Alarm: signal notification also ensures full control. The grill beeps once the set target temperature has been reached.
- The grill results you want, every time: whether steak, roast, poultry or fish, the core thermometer turns every dish into a culinary delight.
- Robust and easy to clean: the measuring probe and cable are made of stainless steel and are therefore flexible but also easy to clean. Also includes a practical holder for better storage.
