## Product details

Built-in pressure gauge for absolute control over the brewing process (brewing pressure).

Professional barista starter set consisting of a solid tamper and stainless steel milk frother (approx. 400 ml).

Solid, professional portafilter with 3 inserts: suitable for one cup, two cups and ESE pods.

Powerful thermoblock heating system ensures perfect-temperature espresso from the first cup – with 3 selectable temperature adjustments for individual enjoyment and practical fill-level memory.

Prepare a variety of drinks thanks to the built-in milk foam nozzle: for all types of coffee-milk specialities such as cappuccino, latte macchiato, flat white, americano and much more.

Fast heating-up time of just 40 seconds – for enjoying espresso without a long wait.
